**Subject:** Support for the The Zionsville Historic Preservation

To Whom it May Concern:

I am a Zionsville resident who supports keeping Zionsville's character and adorable small town charm. I am in full support of the Zionsville Historic Preservation in creating a Conservation District. Please don't allow for Zionsville to become a place full of huge homes that don't fit with the look and feel of the village.

I believe in keeping the focus of the village on main street and the downtown area. In addition, I strongly believe in maintaining the architectural integrity of homes in Zionsville.

I am hoping that the town will recognize that this is in the best interest of keeping Zionsville's history intact.
